

SAFARI OVERVIEW

Queen Elizabeth National Park (QENP) is situated in south-western Uganda and covers an area of 1,978 square kilometers. It offers a diverse ecosystem ranging from the crater dotted landscapes of the Katwe peninsula below the Rwenzori Mountains, to the wetlands of the Kazinga Channel connecting Lake George and Lake Albert, and the Kyamburo Gorge with its chimpanzees, and on to the rolling savannahs stretching to the Ishasha River in the far south of the park.

Our 4 days safari offers you one of Uganda's most popular destinations with amazing game viewing opportunities and attractions such as the Kazinga Channel, home to hippos, buffalos, and elephants, and the Ishasha plains with its famous tree-climbing lions. QENP is home to more than 95 mammal species and over 600 bird species that make it the ideal location for classic big game safaris and birding tours.

7 pax travelling / PPS from	US \$ 827	US \$ 72 (7 seater)

Single supplement from US \$ 174

SAFARI ITINERARY

Day 1 - Kampala to Queen Elizabeth National Park

Queen Elizabeth National Park (QENP) is situated in south-western Uganda and covers an area of 1,978 square kilometers. The park was founded in 1952 as the Kazinga National Park but was renamed only two years later to commemorate a visit by England's Queen Elizabeth II. It offers a diverse ecosystem, from the crater dotted landscapes of the Katwe peninsula below the Rwenzori Mountains, to the wetlands of the Kazinga Channel connecting Lake George and Lake Albert, and on to the rolling savannahs stretching to the Ishasha River in the far south of the park. The region around QENP is also famous for its volcanic features, such as volcanic cones and crater lakes found in the Katwe peninsula on the west side of the Kazinga Channel. For centuries, these craters have been used by local villages to extract salt.

5 Star Accommodation Options

Elephant Plains
Kyambura Gorge Lodge
Mweya Safari Lodge
Katara Lodge

4 Star Accommodation Options

Ihamba Lakeside Safari Lodge
Bush Lodge

Day 2 - Queen Elizabeth National Park

Another primary attraction of QENP is the Kyambura Gorge, also known as the Valley of the Apes located in the north-west sector of the park. The gorge is about 1 km across at its widest point, and only about 100 meters deep and is home to a few dozen chimpanzees. Tracking these through the gorge is one of the highlights of your visit to QENP. Also not to be missed during your visit to the park is a boat cruise on the famous Kazinga Channel, a 32 km long waterway connecting Lake Edward and Lake George, and known for its large populations of hippos, crocodiles, and elephants, combined with an extraordinary variety of tropical bird species.

The following optional activities at cost are available for Queen Elizabeth National Park. Please see the section [Services & Safari Activities Included](#) for optional activities included in the price for this itinerary.

Optional Activity - Boat Cruise Kazinga Channel: This option takes you on an exciting boat cruise exploring the famous Kazinga Channel, a 32 km long natural waterway linking Lake Edward and Lake George. The channel meanders through the lush park and offers the opportunity to see over 500 species of tropical birds as well as the largest concentration of hippos in Africa.

Optional Activity - Chimpanzee Tracking Kyambura Gorge: This option takes you on a search for the chimpanzee troops of the Kyambura Gorge. The stunning gorge, also called the Valley of the Apes, is located in the north-west of the Queen Elizabeth National Park and is about 1 kilometer across at its widest point and about 100 meters deep.

Optional Activity - Balloon Safari: You have the optional opportunity to join an early morning balloon flight, presenting you with a unique view of the wildlife and the golden savannahs of the park. After landing, you can enjoy a bush breakfast with the vistas of rolling green hills and savannahs as a backdrop.

Optional Activity - Nocturnal Game Drive: A nighttime game drive using spotlights offers you insights into nocturnal wildlife activities that you would not see during a daytime game drive.

Optional Activity - Mongoose Tracking: One of the wildlife activities not often advertised is Mongoose Research Tracking on the Mweya peninsula. This guided tour takes you to a research area where you can observe the Banded Mongoose and learn about their nature and activities.

Optional Activity - Katwe Salt Works: This unusual lake formation has been in continuous use as a salt mine since the 16th century. You can visit and observe Katwe villagers working the network of paths and pans that crisscross the lake as they harvest the salt from the milky white waters of the lake.

Optional Activity - Katwe Crater Drive: The Katwe explosion craters are a must-see for those with a particular interest in the geological history of this area and the Great Rift Valley at large. The drive between the main gate at Kabatoro and the Queen's Pavilion offers you amazing views of enormous craters and small lakes with the vast Great Rift Valley Escarpment and the Rwenzori Mountains as a backdrop.

5 Star Accommodation Options

Elephant Plains
Kyambura Gorge Lodge
Mweya Safari Lodge
Katara Lodge

4 Star Accommodation Options

Ihamba Lakeside Safari Lodge
Bush Lodge

Day 3 - Queen Elizabeth National Park

A game drive in the southern Ishasha sector of the park takes you on an exhilarating search for the famous tree-climbing lions as there are only two places in the world where you can find these. The park's remarkable wildlife diversity, complemented by an impressive list of 95 species of mammals and over 600 bird species, make it the ideal location for classic big game safaris and extensive birding tours.

5 Star Accommodation Options

Ishasha Wilderness Camp

4 Star Accommodation Options

Ishasha Jungle Lodge
At the River Ishasha

Day 4 - Queen Elizabeth National Park to Kampala

Say goodbye to the oldest game reserve in Uganda and transfer back to Kampala.
